## ISC at NITJ

The **International Students Cell (ISC)** at **NIT Jalandhar (NITJ)** primarily focuses on managing the **admission process** for international students. Its key roles in admissions include:

### 1. Admission Process

The ISC is responsible for overseeing the admission process for international students applying to various undergraduate, postgraduate, and doctoral programs at NITJ. It provides guidance and assistance in completing application forms, submitting necessary documents, and ensuring compliance with admission requirements.

### 2. Eligibility and Documentation

The cell verifies the eligibility of applicants from different countries, ensuring they meet the academic and language proficiency standards set by the institution.

### 3. Admission Counseling

The ISC provides counseling services for international students regarding program selection, course structure, and career prospects. It helps students understand the various academic programs offered at NITJ, including information on scholarships and financial assistance available to international students.

### 4. Coordination with Regulatory Bodies

ISC ensures that all admission processes comply with the guidelines set by the **Government of India, Ministry of External Affairs (MEA)**, and other regulatory bodies. It coordinates with various agencies, including the **Indian Council for Cultural Relations (ICCR)**, **DASA**, and **SMA**, for admissions under specific scholarship programs.

### 5. Pre-Arrival Guidance

Before the students arrive at NITJ, the ISC provides pre-arrival information and assistance, helping them prepare for life in India. This includes sharing details on accommodation, travel, health insurance, and other essential information.

### 6. Post-Admission Support

Once students are admitted, the ISC continues to support them through orientation programs, guiding them in their academic and personal journey at NITJ. It assists with settling into the campus, helping international students navigate their new environment.

In summary, the International Students Cell at NIT Jalandhar primarily facilitates the **admission process** for international students by handling applications, documentation, and post-admission support, ensuring that the students can successfully enroll and integrate into the academic environment at NITJ.
